

# Living Hope Ranch

## OUR VISION

Empowering teenage girls to become strong confident women.

## OUR MISSION

Assisting teenage girls struggling with life controlling issues by teaching them to confront life's challenges and by equipping them with skills to make positive lifestyle choices, using a **Christ-centered approach**.

## WHO WE ARE

Living Hope Ranch is a 12-15 month, faith based residential program for female teens, 13-18, who are struggling with life-controlling issues. The residence provides education, therapy and round-the-clock care in a safe, secure home by compassionate staff.

Living Hope Ranch is currently pursuing available options for a suitable location.

## LHR PROGRAM

We believe that all youth, with appropriate help, have the capacity to grow beyond the limits of a traumatic past or a risk-filled environment and become significant contributors to their communities. The Living Hope Ranch program focuses on Mentoring, Life Skills, Education and Faith. The girls will **learn and grow mentally, physically, emotionally and spiritually**; thus enabling them to confront life's challenges with confidence. Education is provided through Sun West Distance Learning Centre - Success for All.

**Mentoring**

**Life Skills**

**Education**

**Faith**

## EQUINE ASSISTED LEARNING

The Living Hope Ranch Program includes an Equine Assisted Learning component in which horses are used as instruments for personal growth.

Benefits include: developing healthy relationships based on mutual trust; building confidence and self-esteem; and learning problem solving skills.

*Living Hope Ranch is working towards accreditation from CARF International.*

**Living Hope Ranch is now hiring:** direct line staff, administrator, education assistant and social worker.
